

REGULATIONS

ELECTIVE PROGRAM /SHORT TRAINING PROGRAM

1. The elective is an observation, no hands or academic credit given. The trainee will need to follow the rules, regulations and program schedule assigned by supervisor.
2. The trainee will receive a certificate of elective/short training program accomplishment at the end of the rotation.
3. In case that trainee's performance is inappropriate and/or goes against the Faculty's regulations, the Faculty reserves the right to terminate the Elective/Short Training Program or to decline to give a certificate or any confirmation documents.
4. English is the language used for interactions in our elective/short training programs. Applicants who are not native speakers of English should be checked to ensure that their English language is at a proficiency level specified for the program. A good level of English (listening-reading-writing-speaking) is required.
5. It is recommended that the trainee arrange his/her own health evaluation, vaccination, and health insurance prior to coming to Thailand.
