

UCLA

MEMORANDUM OF UNDERSTANDING

THE REGENTS OF THE UNIVERSITY OF CALIFORNIA,
ON BEHALF OF ITS LOS ANGELES CAMPUS, USA

AND

Chiang Mai University, Chiang Mai - Thailand

The **University of California, Los Angeles (UCLA)** and **Chiang Mai University** are linked by common interests and seek to develop collaborations and exchanges in fields of shared interest and expertise. The activities undertaken pursuant to this Memorandum of Understanding (MOU) are based on a spirit of cooperation and reciprocity that is intended to be of mutual benefit to both parties.

1. Purpose

This Memorandum of Understanding (MOU) serves as a written understanding of agreed upon principles between the **University of California, Los Angeles, David Geffen School of Medicine at UCLA** and **Chiang Mai University**, concerning a set of general objectives.

This is a nonbinding agreement and is intended to clarify the nature and extent of the complementary activities that might be undertaken for the mutual benefit of the two parties. Each institution will be responsible for managing its own costs.

Commitments of specific institutional resources, personnel, space, facilities, or any other academic or intellectual activities may be contemplated hereunder but are beyond the scope of this MOU.

To the extent that the implementation of any agreed upon activity requires a commitment of resources, personnel, credit-bearing coursework, or intellectual property, a supplementary agreement must be negotiated and approved by the two parties before work on any of the projects can commence.

2. Objectives, Scope, and Major Activities

Both institutions agree to encourage the development of the following types of activities:

- Explore the possibilities for developing joint ventures, research programs and collaborations in fields of shared interest and expertise, such as telemedicine services, specialty reference laboratory services and post graduate training/MD international program.
- Exchange of academic information and materials, faculty, specialized resources and expertise in specific areas of medicine and other fields of mutual interest.
- Visits and informal exchanges of faculty in specific areas of education, research, and outreach.
- Organize joint conferences, symposia or other scientific meetings on subjects of mutual interest.
- Other exchange and cooperation programs to which both parties agree.

3. Responsibilities of the Parties

The two parties recognize that the implementation of any agreed upon activity will depend upon the interests and expertise of the individuals involved and the availability of financial resources, space and other resources. Accordingly, the implementation of any exchange and cooperative program based on this MOU shall be separately negotiated and determined between the two institutions. It is further expected that both parties will be compliant with all applicable State and federal laws and regulations and University policies.

4. Duration and Option to Amend, Extend or Terminate

This MOU will become effective when signed by both parties. The agreement will remain in effect for five years from the signature date, below, and may be renewed or amended by mutual agreement of the parties. The parties agree to periodically review the activities

undertaken and the progress made and to consult concerning amendments, renewal or termination of this MOU. Either party may terminate this MOU at any time by providing written notice of such termination to the other party.

5. General Terms

Chiang Mai University and UCLA understand and agree that the potential collaboration(s) set forth above will be subject to the execution of definitive agreement(s) outlining in detail the terms and conditions of the transaction(s) which are deemed acceptable by the parties. Each party reserves the right of final approval or disapproval of the definitive agreement(s) for any or no reasons.

This MOU is not intended to, and does not create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or equity, by either party, its officers, employees, or agents against the other party, its officers, employees, or agents.

Nothing in this MOU obligates either party to commit or transfer any funds, assets, or other resources in support of projects or activities between the two parties. Neither party shall be entitled to any recourse, in any form whatsoever, for expenses of benefits if the parties fail, for any reason whatsoever, to mutually agree to definitive agreement(s).

Neither party will use the name of the other, either expressly or by implication, in any publicity, solicitation or advertisement without the express written approval of the other party to this MOU.

This Agreement has been prepared in English, and the English-language version shall prevail and be binding notwithstanding any subsequent translations that may be generated. If either party chooses to translate this Agreement into another language, any such version of this Agreement shall be for convenience purposes only and shall neither bind the parties nor affect the interpretation hereof.

6. Signatures

This MOU shall enter into force on the date of the signing by qualified representatives of both institutions.
